PROGRAM DETAILS

The Read & Roll Program encourages children to read by rewarding them with free skating. Each bookmark is a simple book tracker for students and teachers.

Children record each book they read. After five books, a teacher confirms completion by signing the bottom. The child may then bring the completed bookmark to Carousel Family Fun Center to receive one free admission.

HOW SCHOOLS JOIN

We hope to collaborate with your faculty and use a rewarding goal to encourage children to enjoy reading – and to do more of it.

To participate, contact Carousel Family Fun Center. We will provide your school with as many Read & Roll bookmarks as needed, free!

A simple school partnership. A meaningful reading goal. A fun reward for students.
